

SENATOR NEW DEFEATED IN INDIANA RACE

Albert J. Beveridge Wins Republi-
can Nomination for United
States Senator

DEMOCRATS PLEASED

"Plain and Emphatic Repudiation
of Harding Administration,"
Chairman Hull Declares

Indianapolis, May 3.—Defeat of
United States Senator Harry S. New,
Republican candidate for re-nomina-
tion, was virtually certain early to-
night when the unofficial compilation
of the vote at yesterday's primary
election gave a majority of 18,420
votes to Former Senator Albert J.
Beveridge. For 3,147 of the 3,382
precincts in the state Mr. Beveridge
had a total vote of 179,936 against
161,701 for New.

In the Democratic senatorial con-
test, Samuel M. Ralston, former gov-
ernor, was the winner over four op-
ponents by a moderate landslide. For
1874 precincts, his total was 96,441,
while his nearest opponent, Dr. Jesse
Sanders, running on a platform favor-
ing beer and wine, had 13,497 votes.

No upsets in the Republican contest
for national house of representatives
developed as the vote was piled up
and indications were that seven members
of the present Indiana delegation in
congress would win by large majori-
ties. Six other Republican congress-
men were renominated without op-
position.

Returns from the Democratic con-
gressional races were also incomplete,
except for the third district, to indi-
cate the probable nominees. In the
third district, John W. Ewing ap-
peared the winner. In the seventh
district, virtually the city of Indian-
apolis, Joseph Turk, running on a
wine and beer platform, was leading
Woodburn, who had announced the
opposition to modification of the
"dry" laws, by 2,423 to 1,416 votes
on the returns from 79 of the 207
precincts. Returns also favored a wo-
man candidate for congress among the
Democrats, Miss Esther Kathleen
O'Keefe leading her opponents in the
thirteenth district.

Interest Centers in Senate Race.
From the closing of the polls in-
terest in all that contests was over-
shadowed by awaiting the outcome of
the Republican senatorial contest.
During most of the campaign, Mr.
New remained in Washington and in
his few addresses he emphasized what
he termed "the great accomplish-
ments" of congress and of President
Harding. He endorsed the adminis-
tration policies generally, emphasizing
the arms conference and the four-
power treaty.

Mr. Beveridge, who made a state-
wide tour, pledged support to the
Harding administration, but did not
refer specifically to any of the accom-
plishments referred to by Mr. New.
"Complaint of the present federal sys-
tem of taxation and railroad rates
was made by Mr. Beveridge, who suc-
ceeded the nomination of Mr. Beveridge.
In a statement to the Associated
Press, Senator New said:
"There is no doubt that Mr. Bever-
idge has been nominated for the sena-
torship. I do not, as I always have
done, take off my hat to the winner."

Pledged Republican Support.
Washington, May 3.—The Republi-
can senatorial committee, through its
chairman, Senator McCormick of Illi-
nois, said today in a formal state-
ment that Albert J. Beveridge "has
secured 12 years in the senate of the
United States with great distinction
and will return to resume that ser-
vice."

The committee added that it would
support energetically the nominee of
the party selected in the Indiana pri-
mary.

"The Republican senatorial com-
mittee, which takes no part whatever in
primary or pre-convention con-
tests," the statement continued, "as-
sures the united Republican party in
Indiana of its whole-hearted coopera-
tion in the forthcoming campaign."

Cordell Hull's Conception.
Washington, May 3.—Cordell Hull,
chairman of the Democratic National
committee, declared in a statement

SUGGEST INSANITY GROUND FOR DIVORCE

Proposed Change in French Di-
vorce Laws Meets With Con-
siderable Opposition

Paris, May 3.—The bill introduced
in the Chamber of Deputies by Andre
Tardieu and Georges Almond making
insanity a legal ground for divorce
has met with considerable opposition.
The bill provided that a husband or
wife should be entitled to bring an
action for divorce after the person to
whom he or she was married had been
detained for three years in a
recognized lunatic asylum and if
competent medical authorities de-
clared the patient was mentally de-
ficient beyond hope of recovery.
The measure is opposed on the
ground that no physician is suffi-
ciently inflexible to be able to state that
a case is hopeless beyond recovery.

Confirmed opponents of all changes
in the French divorce laws are draw-
ing distressing pictures of the "in-
curable" patient recovering and re-
turning to the bosom of his family to
find his wife married again.

Andre Tardieu, one of the authors
of the bill, was a member of the last
cabinet of Premier Clemenceau and
was French High Commissioner in
America during the world war.

Insanity was a ground for divorce
in France 160 years ago. In Germany,
Switzerland and other countries it is
considered legitimate grounds for di-
vorce, although the laws vary in im-
portant particulars in each country.

PENNSYLVANIA DAIRYMEN'S LEAGUE TO INCORPORATE

Elmira, May 3.—The Dairymen's
League of the state of Pennsylvania
will here today to incorporate as a
Pennsylvania state organization under
the membership law of Pennsylvania.
A schedule was arranged for 150 meet-
ings in various communities of Penn-
sylvania to complete the organization
law as passed last June. The purpose
of these meetings is to elect delegates
to district meetings at which local of-
ficers will be nominated.

Thomas E. Millman of Utica, head
of the membership organization de-
partment, was chairman of the meet-
ing.

LARRY BROWN NEARLY EQUALS WORLD'S 600-YARD RECORD

Philadelphia, May 3.—Running in
the face of a wind and driving rain,
Larry Brown, captain of the Univer-
sity of Pennsylvania track team, came
today within one-fifth of a second of
equalling the world's record for the
600-yard run. The race was a special
event to give the Red and Blue run-
ners a chance at the record before
Franklin Field is closed tomorrow for
construction of the new stand.

Brown's time for the distance was
one minute and 11 seconds. The
world's record, 1:10 4-5, was made
by Melvin Sheppard at New York in
1919.

tonight that "the reported victory of
Albert J. Beveridge over Senator Har-
ry S. New in the Indiana senatorial
primary by a decisive majority is a
plain and emphatic repudiation of the
Harding administration and Senator
New's part therein by the Republi-
cans of Indiana."

"Senator New's campaign from be-
ginning to end," said Mr. Hull, "was
made a test of the Harding adminis-
tration. President Harding has been
his silent ally and he had the tacit
support of every member of the ad-
ministration."

"The effect of Senator New's defeat
upon the Harding administration
must necessarily prove embarrassing
and humiliating if not disastrous. If
the Republican voters of the country
will not stand for the Harding ad-
ministration it can scarcely be ex-
pected that Republican senators who
are candidates for reelection and Re-
publican congressmen can be ex-
pected to remain loyal."

"The people of Indiana ought to
find it much easier to make a choice
between ex-Governor Samuel M. Ral-
ston, who won the Democratic nomi-
nation for the senate, and Mr. Bever-
idge than it was for the Indiana Republi-
cans to choose between Senator New
and Mr. Beveridge."

"Governor Ralston is as much more
progressive than Mr. Beveridge as Mr.
Beveridge is more progressive than
Senator New."

MATHILDE AND MAX AT ODDS?

McCormick Refuses to Confirm
Reported Estrangement Between
Daughter and Fiance

PLAN JUNE WEDDING

"I Love Max Oser and I'm Going
to Marry Him," Miss Mathilde
Declares Emphatically

Chicago, May 3.—Confirmation of
the reported estrangement between
Miss Mathilde McCormick, daughter
of Harold F. McCormick, and Max
Oser, her fiance and former Swiss rid-
ing master, was refused at the Mc-
Cormick home tonight.

"Miss McCormick and Oser have
announced their own engagement;
that should be enough," said Howard
W. Colby, intimate friend of the fam-
ily.

Mr. Colby asserted that "we have
decided to keep still and just let the
papers print anything they want to."
He added that neither himself nor
anyone else was authorized to speak for
Miss McCormick, and that Miss Mc-
Cormick had no statement to make
at present.

"Miss Mathilde has not seen any-
body today," said a statement issued
from the McCormick home. "She has
made no statements."

Mr. McCormick, who arrived today
from New York, also refused to com-
ment on his daughter's romance or the
divorce proceedings of Ganna
Walaska, grand opera singer, and Al-
exander Smith Cochran. Mr. McCor-
mick's engagement to the diva has
been reported.

Says She Loves Max.

Miss McCormick left her home ear-
ly this morning with Mr. Colby to
spend the morning learning to drive
an automobile. Later she and Mr.
Colby went horseback riding. While
following the sport which her fiancé
had taught her, Miss McCormick
made positive denial that she had
broken with Oser and declared the
marriage was definitely set for June.

"I love Max Oser more than any-
body else in the world, and I'm go-
ing to marry him," the statement said.

Miss McCormick and her father,
Harold McCormick, continued the
statement, "will sail for Europe early
in June and the wedding will take
place soon after their arrival in Swit-
zerland."

Max is Surprised.

Paris, May 3.—Max Oser is sur-
prised at the failure of Miss Mathilde
McCormick, his fiancee, to answer his
cable messages, and disappointed be-
cause she did not appear in Zurich
last month, when he expected her,
according to a Zurich dispatch to the
"Herald." The former riding master
declines, however, to discuss reports
of an estrangement with John D.
Rockefeller's granddaughter to whom
he became engaged prior to her de-
parture from Switzerland a few
months ago.

Oser said he had addressed several
messages to the Lake Shore home of
the McCormicks in Chicago, but had
received no reply. He believed, how-
ever, this might be due to the fact
that Miss McCormick was at present
traveling in Virginia.

RIVER OVERFLOW STILL SPREADING

Thousands Cared for at Relief
Camps Near Flooded Miss-
issippi Areas

New Orleans, May 3.—Relief prob-
lems were increased today with cen-
ties and hundreds from the Mis-
sissippi river and its tributaries con-
tinuing to spread in eleven parishes
of Louisiana, inundating territories far
removed from the spillways in the em-
bankments of the great river.

Points 50 miles distant from the
Mississippi river reported that water
coming through the levees at Fern-
day had joined with backwaters of
the Red river basin and were em-
ployed upon rich farm lands in
that territory.

Relief parties working out of Har-
risonburg continued today to bring in
flood victims scattered throughout
Concordia and adjoining parish. It
is estimated that more than a thou-
sand persons are being cared for at
that camp. There are probably 2,000
more at the other camps.

NEW "HOOD DESTROYER" GOES INTO COMMISSION

New York, May 3.—The new
"hood destroyer" Jahn, a unit of
the treasury department's prohibition
navy, went into commission today
with headquarters at the New York
barge office.

The vessel carries a wireless tele-
phone outfit, a one-pounder, an as-
sortment of pistols for close-quarter
engagements with bootleggers, and
plenty of ammunition. It also carries
its own "breakfast generator," five
hens and a rooster.

MONTREAL STRIKE DISORDERS.

Chinese Warrior

General Chang Tso-lin, governor

Peifu, chief of the central Chinese
military forces.

U. S. TREASURY AGAIN DAMAGED BY FIRE

Secretary Mellon Appoints Com-
mittee to Investigate \$15,000
Early Morning Blaze

Washington, May 3.—Secretary
Mellon today appointed a committee
to investigate the cause and extent of
the damage caused by the United
States treasury fire and to determine
whether additional precautions were
necessary to protect the building from
the danger of fire.

The members of the committee are
W. G. Platt, chief clerk of the treas-
ury; Commander Quincy B. Newman
of the coast guard; H. S. McAllister,
representing the supervising archi-
tects' office; and Joseph E. Mur-
phy, assistant chief of the secret
service.

For the second time in three
months, firemen early today battled
with a stubborn fire on the roof of the
treasury department, which for a
time assumed menacing proportions
as the flames, burning through the
super-structure, leaped high into the
air and cast a threatening glow on the
White House itself, while sparks
wafted across to its surrounding ter-
ritory.

When discovered about 1 45 a. m.,
the flames already had gained con-
siderable headway and were soaring
to a high plane when the fire ap-
paratus, responding to five alarms,
arrived at the scene. The White
House and Washington monument
were made clearly visible by the
flames.

Awakened by White House attend-
ants, President and Mrs. Harding
dressed and from a window watched
the firemen battle the flames in the
neighboring building.

When checked after about 30 min-
utes effort, the flames had burned
entirely through one section of the
super-structure which tops the sec-
tion of the building that divides the
center and had spread to parts of the
central portion of the roof.

Firemen had been on the scene only
a few minutes when a cordon of
about 50 marines, hastily recruited
from a number on liberty here from
the Quantico, Virginia, barracks, was
posted around the building. Under
Secretary of the Treasury Clifford
was early on the scene to take charge
of the protection of the building.

Treasury officials later put the loss
at about \$15,000 at the outside. They
were still at loss to account for the
origin of the fire.

No plans for soldiers' hospitals or
other government construction work
were seriously damaged, officials re-
ported, and none of the government's
building projects would be held up.
The blaze apparently was of much
the same nature as that which oc-
curred on the treasury roof during
office hours, when hundreds of em-
ployees were in the building on last
February 4. This was extinguished
without heavy damage.

ADA JONES, NOTED ACTRESS, DIES AFTER SUDDEN ILLNESS

Rocky Mount, N. C., May 3.—Ada
Jones, prominent musical comedy
star, died in a hospital last night
after a sudden illness. She was 19
years old. The actress died yesterday
afternoon at the hospital. Her death
was the conclusion of a concert engage-
ment.

Miss Jones appeared at the One-
onta theatre in a song act early this
season and is also well known about
the city for her phonograph records.

TWO SUBWAY SUICIDES.

URGE PROBE OF COAL INDUSTRY

Miners Suggest Federal Officials
Begin Immediate Investigation
From Mine to Consumer

OPERATORS REFUSE

Would Tend to Confuse Rather
Than Clarify Situation, Spokes-
man for Owners Declares

New York, May 3.—Anthracite coal
operators of the joint subcommittee
on wage negotiations today refused to
subscribe to a resolution offered by
the miners calling upon federal offi-
cials to begin an immediate investiga-
tion of the anthracite industry, from
mine to consumer.

Several reasons were cited by the
miners for calling upon the govern-
ment at this time. They alleged that
prices to the consumer were excessive,
that reductions were essential to the
public welfare, that profits in distri-
bution and sale of the product were
imperiling rights of capital and labor
to fair returns; that freight rates were
exorbitant and designed to handicap
producers now owning railroads; that
fair rates to tide water would cut \$2 63
a ton from the price to the consumer,
and that needless agencies for distri-
bution added unwarranted margins
of profit to retail prices.

The miners proposed that an in-
vestigation "should at once be made by
the Interstate Commerce commission
of freight rates charged for the trans-
portation of anthracite coal with the
end in view of ordering a reduction
of such rates if they are found to be
unreasonable and unjust."

The Federal Trade commission
would have been called upon, accord-
ing to the resolution, to begin an im-
mediate investigation of "all agencies
which have been established for the
handling and sale of anthracite coal
extending from the mines to the con-
sumer, with the end in view of recom-
mending measures of reform from un-
warranted agencies and profits."

John L. Lewis, president of the Uni-
ted Mine Workers, offered the propos-
al in behalf of his organization. It
had been signed by Philip Murray,
vice president, and the three district
presidents of organized labor in the
anthracite region.

In refusing to sign the resolution,
Samuel D. Warren, spokesman for
the operators, declared that they did
not propose to join the miners in a
course which would "tend to confuse
rather than clarify the situation on
issues not within the jurisdiction of
the joint committee of miners and op-
erators constituted to negotiate a new
contract covering wages and working
conditions."

INTERBOROUGH ADJUSTMENT PLAN GIVEN TRANSIT BODY

New York, May 3.—A danger of in-
agency facing the Interborough Rap-
id Transit company through its in-
ability to pay a fixed guaranteed di-
vidend of seven per cent. on the
\$9,000,000 Manhattan Railroad com-
pany stock is removed in a voluntary
adjustment plan submitted to the
state Transit commission today. The
Interborough operates the elevated
lines of the Manhattan line under a
999-year lease.

The plan was prepared by Federal
Judge Julius M. Mayer, the directors
of both companies and the three com-
mittees representing the security hold-
ers, and provides a lower rental pay-
able out of earnings only. It also lim-
its the dividends on Interborough
stock to seven per cent.

The proposed readjustment is sub-
ject to the approval of more than 20,
000 bondholders and security holders.

AMERICANS NEED SERVANTS GALORE, LONDON PAPERS SAY

London, May 3.—Several London
newspapers commented on the size
of the entourage of servants which
accompanied an American family of
father, mother and two daughters,
which just concluded a stay at a Lon-
don hotel. The party has departed
for the continent.

The accompanying servants com-
prise three maids, one valet, two ser-
vantes, a private physician, a mas-
sageur and two chauffeurs. In addition,
while in London, a titled society wo-
man was employed to chaperone the
daughters on shopping expeditions.

The Daily Mail remarked: "Even
Princess Mary on her honeymoon is
not accompanied by the small army
of attendants which are attached to
a certain family now visiting Lon-
don."

RENTS STILL 65 PER CENT ABOVE PRE-WAR FIGURES

New York, May 3.—Rents of wage
earners throughout the country
have declined on an average of
2 1/2 per cent, since last November but
they still are 65 per cent, above pre-
war figures, said a report made pub-
lic today by the National Industrial Con-
ference board, a statistical organiza-
tion maintained by manufacturers.

The report is based on information
received from 476 agencies in prac-
tically every city of more than 50,000
population in the United States.

Death of Mrs. E. E. Lance.

IOWA LED IN VALUE OF FARM PRODUCTS

Texas Second and Illinois Third,
Census Bureau Figures for
1919 Reveal

Washington, May 3.—Products of
the farms of the country had a gross
value of \$21,425,624,614 in 1919, the
Census bureau announces. That was
an increase of 152 1/2 per cent, or \$12-
931,493,207, over 1909, when their
gross value was \$8,491,210,407.

Iowa led all states in gross value
of farm products with a total of \$1-
117,933,473. Texas was second state
with \$1,369,471,705. Illinois was third
with \$1,329,906,947.

The gross value of crops produced
aggregated \$11,735,361,891. Texas led
in production of crops, with a total
value of \$1,071,512,103. Iowa was sec-
ond with \$890,391,209, and Illinois
third with \$861,737,837.

It is estimated that animals sold
or slaughtered were valued at \$1-
511,050,000. Iowa led with \$129,300-
000. Illinois was second with \$174-
800,000, and Missouri third with
\$270,800,000.

Livestock products were valued at
\$2,667,072,273. New York led with
\$225,466,739. Wisconsin was second
with \$213,022,021, and Pennsylvania
was third with \$156,012,951.

Forest products were valued at
\$291,321,828. North Carolina led with
\$32,735,263. Virginia was second with
\$24,142,123, and Georgia was third
with \$21,657,200.

Nursery and hothouse products
were valued at \$97,814,619. New York
led with \$10,999,578. Illinois was sec-
ond with \$10,753,698, and Pennsylv-
ania was third with \$9,268,564.

The term "gross value of farm prod-
ucts" is explained by the Bureau of
the Census as corresponding approxi-
mately with the gross value of prod-
ucts for a manufacturing industry,
and for many purposes forms a fairly
satisfactory index of the relative im-
portance of agriculture in different
states. It contains, however, officials
say, a large element of duplication on
account of crops fed to livestock and
some duplication where domestic ani-
mals are sold and resold within the
year.

FORMER DETECTIVE TELLS OF ROBBERY

Star Witness for Government in
Trial of Men Accused of Loot-
ing N. Y. C. Freight Car

Buffalo, May 3.—George Perkins,
former New York Central railroad
detective, was the star witness for the
government today in the trial of John
J. Maloney, former captain of the
New York Central police here; former
inspector Harold B. Smith and
James A. McLean, Sylvester Hall and
Arthur Burke. They are charged
with larceny, conspiracy and posses-
sion of stolen goods in connection
with thefts from an interstate ship-
ment at Black Rock on January 25.

Perkins swore that he was dis-
charged at the behest of Captain Ma-
loney after he discovered the men
on trial robbing the car. He said
they promised to give him \$200 to
keep his mouth shut but instead they
had him discharged.

The men took 108 cases of bonded
whiskey from the car and loaded it
on a motor truck, Perkins testified.
He said one of the robbers threatened
to "let daylight through him" (Per-
kins) unless he kept still about the
affair.

The five men on trial are the sec-
ond group of 34 former railroad em-
ployees and others indicted for thefts
of liquor.

WOODROW TAKES A HAND IN MISSOURI SENATE CONTEST

St. Louis, May 3.—A letter from
Former President Wilson advising
him "not to complicate the contest
in Missouri" by becoming a candidate
for the Democratic nomination
for United States senator has been
received by John C. Higdon, an at-
torney here, it was learned today.

Senator James A. Reed and Jack-
son Lewis, third assistant secretary
of state in the Wilson administration,
are the only candidates in the race
so far and Mr. Wilson, in a recent
letter to the Globe-Democrat, assur-
ing Senator Reed as "incapable of
sustaining allegiance to any person or
cause."

Higdon was a candidate for the
senatorial nomination two years ago
and was defeated by Long, who was
defeated in the election by Senator
Sheldon P. Spencer, Republican.

JESS WILLARD MAY FACE JACK DEMPSEY NEXT FALL

New York, May 3.—Jess Willard,
former heavyweight champion, may
face his conqueror, Jack Dempsey,
in the ring again next fall. Negotiations
for such a bout to be held in Rickard
Arena, Jersey City, on or about Labor
Day, are progressing favorably and a
definite signing of articles is likely
when Dempsey returns to this coun-
try about the end of the month. It
was learned today.

AMBASSADOR HERRICK HAS
ANOTHER NARROW ESCAPE

SOVIET IS NOT PLEASED WITH ALLIED PLAN

Dissatisfied Because It Does Not
Mention Recognition or
Loans to Russia

FINANCES DISCUSSED

Genoa Leaders Decide to Call
World-Wide Conference, With
Special Invitation to U. S.

(By the Associated Press)

Genoa, May 3.—The Soviet plenipotentiaries in the "polished" with
the project of the reconstruction of Russia. Such is the
brief summary emanating from
Soviet sources of the Bolshevik views
on the memorandum on which Euro-
pean statesmen have worked so
laboriously.

The fact that the document does
not mention recognition of the Soviet
government and ignores the sugges-
tion of governmental loans is said to
displease the Communist leaders, who
are now conferring with Moscow. The
memorandum was delivered to them
only at 4 o'clock this morning after
a corps of secretaries had worked all
night long putting it into official
shape. It was rushed to Santa Mar-
gherita by automobile and delivered
to M. Rakovsky, who received it
dressed in his pajamas.

Belgium has not signed the memo-
randum and word was received here
that France had determined to stand
by Belgium, but as yet there is no
official announcement in Genoa of
France's action. It is believed that
the conversations between Premier Poi-
naire and M. Barthou, however, will
have an important general effect on
the conference.

Improve Europe's Finances.

All the leaders voiced satisfaction
at today's plenary session, believing
that it embodied the inauguration of
far-reaching efforts to improve the
finances of Europe. The financial code
at Genoa has been written, declared
Sir Laming Worthington-Evans,
chairman of the financial commission,
and he believed it would prove as im-
portant as the historic Justinian civil
code, the basis of world jurisprudence.

The essential points are limitation
of the issue of paper money, fixing
parities with gold, economizing in
the use of gold and coordination of gold.
The United States, said the chairman,
with almost half the world's gold,
could join in the future study of the
problem without involving itself in
political difficulties and could help
Europe as well as herself.

After the session, Finance Minister
Lloyd George of Great Britain declar-
ed the work of the two commissions
as set forth in their report adopted
today represented a very material con-
tribution toward the reconstruction of
Europe. It was satisfactory to note,
he remarked, the way in which all the
powers have accepted, in such a rapid,
business-like fashion, the far-reaching
resolutions of the two commissions.

It was a beautiful sunny day and
the conference chamber in St. George's
palace was brightened by the presence
of scores of women attired in bright
spring gowns and hats. Tschitcherin
and Rathenau were the speakers in
whom the audience showed the great-
est interest.

Provide International Conferences.

Both the financial and transport re-
ports adopted provided for interna-

Baseball

NATIONAL LEAGUE

WORLD'S CHAMPIONS DOWNED

McQuillan Lets Giants Down with Six Hits and Boston Wins, 9-1.

New York, May 3. —McQuillan's steady pitching, aided by the terrific batting of Boeckel and Gowdy, who got four hits each, subdued the Giants today, 9 to 1. McQuillan let the world's champions down with six hits, one a triple by Groh which helped to produce the Giants' only run.

R H E
Boston . . . 0 0 0 0 7 0 1 0 1—9 1 2
New York . . . 1 0 0 0 0 1 0 0 0—1 6 2

No others scheduled.

AMERICAN LEAGUE

BOSTON DEFEATS WASHINGTON

Quinn Receives Exceptional Support, Every Infielder Starring.

Boston, May 3.—Quinn pitched well and received exceptional support today, Boston defeating Washington, 8 to 0. Every Boston infielder made at least one spectacular stop and Pratt accepted 13 chances. In the sixth, Quinn doubled and scored three runs.

R H E
Washington . . . 0 0 0 0 0 0 0 0—0 9 1
Boston . . . 4 0 1 0 0 3 0 0—8 11 1
Batteries—Phillips, Brillheart and Pleinich; Quinn and Walters.

ERROR COSTS YANKS GAME

Philadelphia Wins by 4 to 2; Rommel Has Better of Wait Hoyt.

Philadelphia, May 3.—Elmer Miller's error on Maloney's long drive in the eighth inning today gave Philadelphia two runs and a 4 to 2 victory over New York. Rommel had the better of the pitching duel with Hoyt, holding the Yankees to seven scattered hits.

In the ninth inning, Umpire Wilson phased eight New York players from the dugout for alleged obscene language. They were Joe Bush, Shawkey, Hoyt, O'Dool, Jones, Harper, Hoffman and Mitchell.

STOCK MARKET MORE OR LESS NEGATIVE

Oils Monopolize Greater Part of Speculative Attention; Rails Figure to Smaller Degree

New York, May 3. — Apart from the oils, which monopolized the greater part of speculative attention, together with several of the independent steels, shippings and coppers, today's stock market session was more or less negative in its net results.

Under guidance of Associated Oil, which registered a further gain of 6½ points, or a total of 12½ for two days, various issues of that type changed hands in enormous lots at advances of two to six points.

Among the outstanding features were Standard Oil of California and New Jersey, California Petroleum, Pacific and Houston Oils, Texas Company, Freeport-Texas and Producers and Refiners. Several of these have been mentioned recently in connection with rumors of probable "mergers."

European and Mexican oils did not share appreciably in the rise of the domestic division. Royal Dutch and Shell Trading were under intermittent pressure, presumably as a result of conflicting reports respecting the so-called Soviet concessions.

The other individual features of strength included Bosch Magneto, Stromberg Carburetor, Mercantile Marine common and preferred, Mack trucks and several of the food and chemical specialties. There was a marked falling-off in the demand for motors, equipments and affiliated industries.

Rails figured to a smaller degree than before, although the later dealings were characterized by some inquiry for Pacines, New York Central, New Haven and several of the grangers, Omaha making a five-point gain.

An initial quotation of 4½ per cent for call loans, the maximum opening rate in several weeks, indicated that demand funds were less plentiful than in April.

Business in bonds was comparatively light and the tone for the most part showed increased irregularity, especially among domestic and foreign issues. The Liberty series closed mainly at moderate declines and international were uncertain or lower, especially Argentine 5s and some of the Swiss and Mexican issues.

OTSEGO CHURCH NEWS

Baptist Juniors Meet With Wilbur—
Miss Scholl Given Shower.

Otsego, May 3.—The Juniors of the Baptist church met at the church Wednesday afternoon and enjoyed a hike to the home of Eva and Alton Wilbur where the class meeting was held. Following the meeting lunch and a peanut and marshmallow roast were heartily enjoyed by members of the society and the return home was made by auto.

Shower for Miss Scholl.

On Thursday, the ladies of the Presbyterian church delightfully surprised Miss Marian F. Scholl with a shower. The event occurred at the home of Miss Bertha Jennings. The gifts, which included silver, glass, and linen, were tastefully arranged under a

canopy of ferns and gold and white crepe paper.

To Entertain the Men.

Friday evening the ladies of the Baptist Mission circle will hold their meeting at the home of Mrs. B. F. Shepherd. Each married lady is privileged to invite her husband and the single ladies a gentleman friend.

An Enjoyable Party.

The Junior Church and Bible school party held in the basement last Friday evening was an unusually enjoyable event and was well attended. Nearly 100 were present.

MILFORD CENTER MEETING.

Suppers, Sewing Circles and School Meetings on Goodbye Lake. Milford Center, May 3.—The ladies

of the Baptist church will serve a supper Friday evening at 6:30, until all are served.

The Sewing class of the Home bureau will meet Tuesday at 2 p. m. with Mrs. W. G. Wright.

School meeting was held Tuesday night. Mrs. W. G. Wright, who has been trustee for the past six years, declined to accept the office for another year. The following officers were elected:

Trustee—Mrs. H. J. Ferguson.
Collector—Mrs. Malan E. Arnold.
Treasurer—A. S. Lull.
Clerk—Charles D. Preston.

Milford Center Personal.

Mrs. Lizzie M. Squire is visiting Mr. and Mrs. Harold Alger of Oneonta. Fred Peck returned last Saturday from a hospital at Oneonta. Mrs. Nellie Beams, Mrs. Benjamin Uter and G. E. Uter attended the funeral of a relative at Staruck, Pa., last Wednesday. The many friends of James Peet are glad to know that he is able to walk out, walking from his home to call on the Edsons last Tuesday. Mrs. W. W. Ward and Mrs. J. W. Moffat were shoppers in Oneonta Tuesday.

Milford Methodist Church News.

Milford, May 3.—The "Stand-by" girls of the Methodist Sunday school will have full charge of the musical program at Thursday evening's prayer meeting.

Dr. M. S. Godshall, district superintendent, will preach in the Methodist church Sunday evening and conduct quarterly conference immediately following.

The Forward Movement of the Oneonta district will hit Milford when, during the week of May 21st-25th two stereopticon lectures and two addresses will be given on as many evenings. Everyone is invited.

West Oneonta Home Bureau.

The Sewing class of the West Oneonta Home Bureau will hold an all day meeting Friday at the home of Mrs. E. H. Bull.

Delaware County News

UP AROUND UTSYANTHA.

Hobart Odd Fellows Visit Stamford and Initiate Candidates. Stamford, May 3.—Monday even-

ing the degree team and a number of other members of Hobart lodge, I. O. O. F., visited Stamford lodge and initiated a class of three candidates. There was a large attendance at the meeting and a buffet lunch was served after the degree work.

Next Monday evening members of Roxbury and Arkville I. O. O. F. will visit Stamford lodge and work the first and second degrees to be followed by a banquet.

Wednesday's Wedding at Hobart.

Hobart, May 3.—The marriage of Lauren D. Cronk to Miss Ina E. Westcott was solemnized at the Methodist Episcopal parsonage today, by Rev. Harrison, the pastor. The bride is a daughter of Mr. and Mrs. Fred Westcott of South Kortright and the groom is a son of Mrs. Jennie Cronk of Hobart. Mr. and Mrs. Cronk will make their future home in Hobart. The condition of Mrs. Carrie Hume, who suffered a shock Monday morning, does improve.

Undergoes Skin-grafting Operation.

E. M. Utter, U. & D. R. R. station agent at Kortright station, who has

DOCTOR ORDERED WOMAN OBEYED

Took Lydia E. Pinkham's Vegetable Compound and is Now Well

Chicago, Illinois.—"You surely gave woman one good medicine when you put Lydia E. Pinkham's Vegetable Compound on the market."

After I had my baby I was run down and so nervous it kept me from gaining. My doctor did everything he could to build me up, then he ordered me to take Lydia E. Pinkham's Vegetable Compound with his medicine and I am now a new woman. I have had three children and they are all Lydia E. Pinkham babies. I have recommended your medicine to my friends and they speak highly of it. You are certainly doing good work in this world."

—Mrs. ADRIAN TOMSHECK, 10557 Wabash Ave., Chicago, Illinois.

There is nothing very strange about the doctor directing Mrs. Tomsheck to take Lydia E. Pinkham's Vegetable Compound. There are many physicians who do recommend it and highly appreciate its value.

Women who are nervous, run down, and suffering from women's ailments should give this well-known root and herb medicine a trial. Mrs. Tomsheck's experience should guide you towards health.

been suffering from a long-standing sore on his leg, underwent a skin-grafting operation last Thursday at the home of his father-in-law, Ira Stillwell of Stamford. The operation was performed by Dr. Duncan Campbell of Stamford, the needle cuticle being taken from the arm of Mr. Utter's daughter, Merveta. The operation was successful and Mr. Utter has returned to Kortright much improved.

Estate of the Dead.

Delhi, May 3.—Estate of Gertrude Briggs, late of Davenport. Will admitted to probate and letters testamentary issued to Carrie May and Ida Blencoe. Estimate \$3,200 personal. To Edna H. Briggs, husband, is \$100. To Carrie May, sister, \$200. To Carrie May and Ida Blencoe, sisters, each equal shares of residue.

Estate of Willie Early, late of Hancock; letters of administration issued to Edna H. Early. Estimate \$1,000 real. Widow, son and daughters the heirs.

Estate of Elizabeth M. Musson, late of Middletown. Letters of administration issued to Mabel J. Thomson and James Ralph Scott. Estimate, \$3,500 real and \$2,300 personal. A son the heir.

Estate of David Darling, late of Andes. Letters of administration issued to Wm. A. Darling. Estimate, \$4,500 real and \$4,000 personal. A son the heir.

Estate of Susan F. Smith, late of Meredith. Will admitted to probate and letters testamentary issued to Mary S. Georgia. Estimate, \$1,700 personal. To Mary S. Georgia, sister, is willed all of the property.

Estate of Alexander Stewart, late of Delhi. Will admitted to probate and letters testamentary issued to Lulu B. Stewart. Estimate, \$3,000 personal and \$7,000 real, all of which is willed to the wife, Lulu B. Stewart.

Estate of Mrs. Janet Irvine, late of Delhi. Will admitted to probate and letters testamentary issued to Wm. T. Black and H. J. Hewitt. Estimate \$1,500 personal. To Belle Black is willed one third; to children of John A. Irvine, one third; to executors one-third in trust for Robert H. Irvine. Letters of guardianship of Mary Isabelle Delamater of Middletown issued to Mary A. Lockwood.

SPRAYING FOR DANDELIONS

Iron Sulfate Effective If Boys Digging for Greens Fall.

The experiment station at Geneva is recommending the use of an iron sulfate spray for the eradication of dandelions from the lawn which the station experts assert is a cheap and effective method of exterminating this pest without injury to the grass. The spray was used for eight years on the station grounds with satisfactory results.

The spray solution is prepared by dissolving 1 1/2 pounds of iron sulfate, also known as copperas or green vitriol and obtainable at any hardware or drug store, in 1 gallon of water. This amount of spray will cover about 375 square feet of lawn. The best results are secured when the spray is applied as a fine mist and is driven well down into the foliage by the use of a power sprayer or large areas or one of the small bucket or hand type of sprayers for the small lawn, it is asserted, although fairly good results are obtained when the spray is applied with an ordinary sprinkling can. Since iron sulfate corrodes metals, the solution should be made up in a wooden or earthenware vessel; and in applying the spray care should be exercised to prevent it from splashing on cement or stone, etc., as it leaves a yellowish brown stain which is extremely difficult to remove.

A blackening of the grass immediately following each application should not occasion alarm as this will soon disappear if the grass is growing vigorously.

According to the station experts the spray should be applied in May just before the first blossoms appear with one or two applications at intervals of three or four weeks. One or two additional applications in the late summer and fall may also be necessary. If properly managed, spraying every third year is said to keep the lawn practically free from dandelions.

Re-seeding the bare spots where the weeds have been killed out by the spray and applying stable manure or fertilizers is said to be essential for restoring completely the vigor and smooth appearance of a well-kept lawn.

On Their Way.

The Irish continue to demonstrate that they are long on leaders, but short of places to go.—[Indianapolis News.]

Will buy narrow five of six foot show case. Phone 444. Advt w. f.

TO CHANGE NAME OF POST

Cooperstown American Legion Will be Known as Clark F. Simmons Post in Honor of Only Cooperstown Soldier Whose Body Was Not Found—Plans for Memorial Day.

(Special to The Star.)

Cooperstown, May 3.—It was decided to change the name of Cooperstown Post of the American Legion to Clark F. Simmons post at an important meeting of the post last evening. The step was taken in honor of the only Cooperstown member of the A. E. F., whose body was not recovered. To those soldiers whose bodies were recovered suitable monuments have been erected to mark their last resting places and it seemed that there could be no more fitting monument to this man who never came back than the use of his name to designate the Cooperstown post. In choosing his name no slight was intended to the 16 other Cooperstown men who made the supreme sacrifice.

Clark F. Simmons was a member of Company E of the 311th Infantry, 78th division, and was killed in action at Argonne on November 1, 1918. He, with First Sergeant Schroth and a small detail, had been sent out as an advance patrol to clean up a machine gun nest that was hindering the advance. The detail was surrounded by an overwhelming force of Germans and every man killed except Sergeant Schroth, who made his way back to the lines with a prisoner. He was later decorated with the Distinguished Service Cross. Simmons' body was never identified. His parents, Mr. and Mrs. F. Simmons were invited to the burial of the Unknown Soldier at Washington on Armistice Day last and his sister, Maude Simmons, was present as a guest of the government.

Arrangements were also made at the meeting for Memorial Day observance. Prof. W. H. Martin of the G. A. R., Edward Smith of the Sons of Veterans, and Harry Parker of the Chamber of Commerce met with the post and pledged their cooperation. There will be a parade of the Legion and other organizations and exercises at the Soldiers' Monument. Dr. Dietz, acting president of Hartwick Seminary, will be the speaker of the day.

A DOCTOR OF PHARMACY.

Karl Hallenbeck Receives Degree at Albany College This Afternoon.

Karl Hallenbeck, son of Charles Hallenbeck, 256 Main street, is one of 64 members of the graduating class of the Albany College of Pharmacy who will receive the degree of doctor of pharmacy at exercises to be held in the Education building at Albany this afternoon. Dr. Charles Alexander Richmond, chancellor of Union college, will confer the degrees. Six members of the class are women. According to Dean William Mansfield, this has been the greatest year in the history of the college, both from an academic and a financial standpoint.

Mr. Hallenbeck probably will return to his home in Oneonta tomorrow. He has not as yet fully decided on his future plans and will probably remain at home for a while. His many friends here will congratulate him on completing his course.

Oneonta has two other future pharmacists at the college—Arthur S. Palmer and Harry McClellan, both juniors. They have already returned to their homes here for the summer vacation. Mr. Palmer was treasurer of his class this year.

Erza E. Guernsey of Cobleskill is another member of this year's graduating class.

Business Notice

The Oneonta Hide and Tallow company have taken over the Hide, Skin and Tallow business formerly conducted by Mr. F. A. Murdock.

We will be pleased to meet Mr. Murdock's customers at our location, 28 Prospect street, and we assure them that they will receive the highest market prices on their stock.

The first guncotton-nitroglycerin
dynamite without a headache

DUMORITE is the first guncotton-nitroglycerin dynamite put on the market that can be used with a certainty that no headache will result.

If you have ever suffered from "dynamite headache" you can appreciate what a boon this new Du Pont explosive is to the farmers of this country—in this one particular alone.

Couple with this feature its extreme economy—135 to 140 sticks at the price of 100 sticks of 40% dynamite with equal strength to the latter, stick for stick. Then add its non-freezing feature. These advantages make it certain that Dumorite will be the choice of most farmers in this country for all farm purposes—whether blasting stumps or boulders or planting trees or ditching in dry soil.

See us now about your dynamite supply for this season. We can save you one-third on your blasting costs.

CURRENT COMMENT.

The husband or wife who quits
home without leaving an address
should be mindful as to the duration
of the period of sojourning. Five
successive years without knowledge
of whereabouts is heretofore in this
state presumptive evidence of death,
albeit an order from the supreme
court is necessary, with citation pub-
lished in usual manner, if the marital
tie is to be severed.

Among the measures now before
congress which will interest farmers
are the bill permitting increase of
federal farm loans from \$10,000 to
\$25,000, the Truth-in-Purchase bill,
the milk bill and the amendment
which will place a farmer on the fed-
eral reserve board. Agriculturists
will be interested in these measures
but if the last named becomes a law
there will be a rush of bankers to
buy farms and join the grange.

In the state of New York, so a late-
ly-issued bulletin says, there will be
11 per cent more potatoes planted
this year than last. As the state as a
whole consumes ten times the amount
the state produces, there is good
reason for increased production, in
view of the assured and ready market.

And, while talking of New York
crops, it is worth while to note that
the average yield of corn is 46 bush-
els per acre as against 39.7 bush-
els in the entire country. Her winter
wheat yield is 19½ bushels as against
13.7 bushels in the nation, and 103
bushels of potatoes per acre against
90.9 bushels in the entire country.
There are evidently good reasons why
farmers in New York should remain
here, and this outside of the dairy
industry, which is the most important
of all and best situated as regards the
markets.

The result of the school election in
Norwich Tuesday evening demon-
strates that, despite concerted move-
ment in opposition, the Chenango city
is enterprising and progressive. There
is actual need for better and bigger
school buildings, and the election by
substantial majority of trustees
pledged to better schools is a genuine
triumph for good government. Oneonta
congratulates its neighbor city on the
judgment and enterprise which it
has shown.

Though the gubernatorial election
is still six months off, there is talk
in plenty of candidates. Governor
Miller will doubtless be renominated
by the Republicans, and among candi-
dates in opposition, who have been
suggested are Mayor Hyman of New
York and William Randolph Hearst,
who also claims the metropolis as his
residence, though his newspaper ac-
tivities are everywhere. Al Smith
would make a better candidate than
either of them, but if Hearst
hungers for the governorship as an
avenue for self-expression he may get
the nomination. The election is
another thing.

HUMAN LOCOMOTION.

Current notions of human powers
of locomotion are shattered by the
feat of Samuel A. Johnson, who trav-
eled on foot from New York to Bos-
ton, 255 miles, in less than two days.
Johnson started at 10.55 Monday
morning and reached the Boston City
hall at 10 o'clock Wednesday morn-
ing. That makes 47 hours elapsed
time, which included a night's sleep
in New Haven.

It may be doubted whether any
horse could do this.
The automobile has become the
common standard of travel in these
days, and judged by this standard the
man's accomplishment is no less re-
markable. He made about 100 miles
a day. An automobile, to be sure,
can make a great deal more than
that; but the average distance which
automobile tourists find they can cover
comfortably in continuous driving is
only about 100 miles a day. An army
on the march is thought to do ex-
tremely well if it makes 20 or 25
miles in an exceptional day.

Johnson neither walked, like the
celebrated Weston, nor ran like a
marathon runner. He moved in a
sort of trot, Indian fashion, which
avoids the needless expenditure of
energy by rising and sinking with
every step, applying nearly all the
effort to moving the body forward
instead of lifting it.
Indians have been known to cover
similar distances in emergencies, but
even among them such instances are
rare. Evidently the white race is not
deteriorating so much as pessimists
have thought, and less are destined
to last for some time yet.

Post Office Robbers Still at Large.

No considerable progress was made
yesterday in the hunt for the yegmen
who robbed the East Worcester post
office early Monday morning, although
state troopers and other officials were
busy on the case all day. Several
clues were run down and found to
lead to nothing substantial.

Robbers visited Voorheesville the
same night and broke into the post
office and the Grove hotel, getting but
a small amount of cash, however. The
post office safe was not blown. No
connection has been traced between
the two jobs.

Mrs. Peck to Preach at Maryland.
Mrs. (Rev.) Mina L. M. Peck of
Chicago, a former resident of the
town of Maryland, will occupy the
pulpit of the Christian church of
Maryland Sunday afternoon at 2
o'clock. A cordial invitation to the
public is given.

COMMENTS OF THE PRESS

The Gentle Crocker.

All this was learned by some of
"the people up-State" when Crocker
bought a large farm near Richfield
Springs and developed it, making his
home there the greater part of sev-
eral years. "Dick" Crocker became a
whole-souled, hospitable, pleasant,
yarn spinning, accommodating,
plodding Otsego country farmer, very
much like other people, and the bul-
dog traits of his character were sub-
merged in the genial, pleasant agri-
culturalist and stock-raiser, who petted
his colts and calves and scratched
the ears of his pigs in real enjoyment
and complete good nature.—[Utica
Observer-Dispatch.

The April Floods.

Sometimes it comes as the "June
rise." Sometimes it is known as the
"May high water" and sometimes it
comes in April. This was one of the
April years when the water that
might have come late from the snow-
banks of the Northwest and the high
places up toward the Yellowstone
and the Blue Hills chose to come
early. Therefore the old Mississippi
at "flood stage" all the way from
Lake Pepin to where the currents
rove out into the Gulf from South
Pass.—[Philadelphia Ledger

Joy for the Fishermen.

most such tales these appear to be
trustworthy—are coming from old-
time fishing communities on Delaware
Bay and its tributaries. Fishes can-
signs an unduly exaggerated and too
deeply tinged with the colors of hope,
the shad, herring and sturgeon fish-
eries, once so important thereabouts,
may experience a return of the
prosperity of a generation ago.—
[Philadelphia Record.

The Great Commander.

One hundred years after his birth
and fifty-seven after the surrender at
Appomattox, the reputation of Grant
as a military leader stands more firm-
ly established than ever. Able stu-
dents of strategy judge that the man
possessed all the attributes of the great
commander—resolution, quick de-
cision, regard for details, tact and on
occasion a rare fertility in inventing
decisive measures.—[New York
Sun.

The Sesqui-Centennial.

If Philadelphia is wise in the mat-
ter of the Sesqui-Centennial, no serious
effort will be put forth to make
the proposed State fair a tail to the
exposition kite. Philadelphia is the
proper location for the permanent
fair that is now being urged by the
agricultural, horticultural and stock-
raising interests of the State.—[Har-
rington Telegraph.

A Reasonable Hint.

The gardens that harbor no cut-
worms and always yield 100 per cent
are those which are spaded from the
back window and weeded from the
hammock.—[Boston Herald.

Sensible Agreement.

The agreement between Russia and
Germany to cancel their war claims
against each other is perfectly natu-
ral. What would be the use of trading
loads of worthless rubles for re-
marks of worthless marks?—[Cleve-
land Plain Dealer.

Truth in the Argentine.

The expedition that went after the
pterosaurus has come back empty
handed. But the members are honest
enough not to declare that they hook-
ed him but he got away.—[New York
Herald.

Safety in Georgia.

"Stories of hold-ups all over," says
the Billville Banner, "but we've never
been a victim of any of 'em. One night
last week we changed a dollar bill in
the presence of seven men—all
strangers to us. The night was dark
outside, but we afterwards walked
unmolested, a full quarter of a mile
to our office."—[Atlanta Constitution

SPECIAL RADIO PROGRAM

Broadcast this Evening at 9 O'clock
From Schenectady Station.

In addition to the regular 7.45
o'clock (eastern standard time) con-
cert radio broadcasting station WGY
of the General Electric company, at
Schenectady, a special program will
be broadcast Thursday, May 4, at 9
o'clock, eastern standard time, of 10
o'clock daylight saving time. Trans-
mission will be on a wavelength of
approximately 360 meters.

Marche—Alla Turca, (Mozart) Pyth-
ian Quintette. J. Capone, 1st
mandolin, F. H. Blood, tenor
mandolin, J. Capone, 2nd mandolin;
R. V. MacDonald, mando cello,
G. M. Sawyer, harp guitar.
Mandolin Solo—Grand Opera
Serenade (Johnstone), b. Believe
Me if All those Enduring Young
Charms, (Morton); James I.
(Jazz) Johnstone.

PEOPLE'S PARLIAMENT.

The Star disclaims any responsibility in
regard to the views of correspondents ex-
pressed in this column and will not be
held as endorsing them because of publish-
ing them. This column is intended to be for
the people's use, the place where all can
be heard, whose statements are uncontro-
verted. The communications must be accom-
panied by the name and address of the
author, if requested, these will not be
published, however.

The Non-Poolers' View.

Editor Star—
Replying to "The Pooler's Side" by
George M. More in Friday's Star, I
wish to state a few of the provisions
which the officials which compose the
Dairymen's League Co-Operative As-
sociation, Inc. have made for the mem-
bers and are asking us farmers to
sign on the dotted line and which
seems to be unanimously objected to
by the non-poolers.

Provision 9 reads: "The proceeds
of all sales made by the association
for the product shall be paid not by
the purchaser or purchasers thereof
to the association. The association
shall deduct from the proceeds of such
sales such uniform percentages as
they charge others for like services
and which the said association may
deem necessary to meet the expenses
already incurred, together with such
other sums as may be necessary to
cover interest, overhead, depreciation,
guarantees and all other expenses
not to be reasonably estimated, as es-
sential to be incurred by the as-
sociation in conducting its operations,
for which no certificates are to be issued."

Provision 10 reads: "The said as-
sociation shall also make further de-
ductions to create a special fund to
retire loans; to be used in building
warehouses or other necessary build-
ings; to purchase land and buildings,
to secure necessary equipment, to pro-
vide such working capital as said as-
sociation may deem necessary, and
deductions for the special fund to
continue as long as the producer de-
livers milk or milk products to the
association for sale. After the close
of each fiscal year, each producer
shall receive a certificate in such
form and payable at such time or
times, and at such rate of interest as
such association may from time to
time determine for all moneys which
he has contributed that year to the
special fund from the percentages
levied on his milk and dairy products,
as herein provided."

Then the latter part of provision 11
reads: "The association which is
hereby appointed by the producer sole
arbitrator of the distribution of said
sums and such distributions, when so
made, shall be final and conclusive,
and binding upon the parties hereto.
The producer, in the absence of fraud,
hereby waives all his rights in law or
in equity to an accounting therefor,
and this contract shall act as a bar
thereto in any proceeding taken by
the producer therefor."

It seems that these officials want
the first management of the fruits of
our laboration and are then barred
from obtaining any knowledge of
fraud, and in the absence of such
knowledge we waive all our rights in
law.

Then in the method of selecting of-
ficials the signs of this contract do
not have a direct vote for the execu-
tive officials there is no secret ballot,
and no opposition for officials, positions
such as we have in our political gov-
ernment and they have practically no
share in the management of its af-
fairs.

Those officials know full well that
the farmers desire and request that
those provisions be changed, as the
majority of their most ardent advo-
cates frankly say that they should be
changed, but their answer thus far
has been in effect, "You go home and
stop the hogs, we will manage your
business."

Mr. More writes that the big price
realized for the non-pooled milk was
secured by and through the efforts of
the Dairymen's League Co-Operative
Association, Inc. and he fails to state
that that organization secured from
all the dealers possible an agreement
that they would discriminate against
the non-poolers in the price of milk,
thereby compelling many of us to
take much below the pooled price.

He also gives the association all of
the credit for bringing Mr. Horton to
terms with the non-poolers. I fully
agree that the poolers accomplished
this feat, but it is only fair to state

Lon Chaney and Anna May Wong in
"Marshall Neilans 'Bits of Life'."

LEAGUE'S SIDE OF QUESTION

New York World Article Contains In-
accuracies in Regard to Diverting
Milk to Cooperstown Creamery—
Fluid Not Hauled by Truck.

The article in the New York World
of Tuesday relative to the closing for
two days of the Cooperstown plant
of the Dairymen's League Co-Operative
association by New York health au-
thorities, which was copied in yes-
terday's Star, contained several in-
accuracies, according to N. E. Vred-
enburgh, agent of the association on
this district. That the public may be
informed as to the matter, The Star
is given to publish the facts in the case
as furnished by Mr. Vredenburgh.

The Cooperstown plant was closed
from April 15 to 25 after an inspector
had found that a batch of milk re-
ceived in a heated condition. Mr.
Vredenburgh admits the violation of
the sanitary code and states that the
milk in question was received direct-
ly into the car at Richmondville and
was loaded by a green man who was
not qualified for his position. The in-
cident happened but once, however.
The World article further stated that
the milk was hauled in auto trucks
used for other purposes. When the
milk from other stations was first
diverted to Cooperstown, auto trucks
were used to haul it, but milk is now
hauled in ice refrigerator cars,
which, in fact, was the case on the
day the inspection was made.

The World article further states
that "pooler" milk is being diverted
to Cooperstown from Ilwaco Cave,

that the association would never have
allowed us to reach that position
could they have prevented it. Never-
theless, we have attained that posi-
tion through the efforts of the pool-
ers we can repay that favor by com-
pelling their officials to give them and
us a true and up-to-date democratic
organization. Then we can all join
and work together for the good of
one another.

Yes, Mr. Horton will get a square
deal, and in due time these officials
which compose the Dairymen's League
Co-Operative Association, Inc. will be
compelled to take the same good
medicine.
Leslie Gibson.

Now—When You're Cleaning House—Get Rid
of that Aggravating, Extravagant Old Range

Now is the time to buy your new Sterling. You can make
the kitchen a hundred times more attractive to work in,
for the new Sterling, in either its glossy black or soft gray
enamel finish, is really a thing of beauty.

In addition to its splendid appearance, the Sterling, by actual test,
uses less gas and burns less coal than any other range. The Scien-
tific, for instance, will bake 30 loaves of bread while using only 5
lbs. of coal.

Don't worry along with that old range another day. It's a constant
expense. Install your new Sterling and let it pay for itself by saving.
The convenient terms offered by Sterling Dealers fit in splendidly
with the housekeeping budget idea.

LOCAL MENTION.

—Eight marriage licenses and the same number of hunting licenses were issued at the city clerk's office during March.

—Delivery of 150 packets of seeds for use in the school garden contest conducted by Mrs. Patrick in the River street school, made by the Chamber of Commerce yesterday, finishes up the allotment of Department of Agriculture vegetable seeds sent by Congressman Clarke to Oneonta.

—Clean-Up Week scored another triumph yesterday in the third ward. Free collection of all rubbish placed along the curb in the Fourth ward will be made today by the team and wagon furnished by the city. This afternoon the Boy Scouts will circulate the Fifth and Sixth wards, under the supervision of the Boosters' ward chairmen, calling attention to the collection of rubbish in those wards Friday and Saturday, respectively.

Mothers' Club Meeting.

The Mothers' club held their regular meeting in the prayer room of the First Baptist church Wednesday at 2:30. There was a very large attendance, about fifty being present. The meeting was opened by a devotional service. This was followed by the presentation of a dramatized version of "The Three Bears" by several boys and girls. Mrs. J. C. Hill was the piano accompanist. The main feature of the program for the afternoon was an address by Dr. D. H. Mills on "Ductless Glands," which was enjoyed by the audience. A Social Service committee was appointed consisting of Mrs. U. A. Ferguson, Mrs. F. L. Olin, Mrs. M. Hamilton, Mrs. Earl Farish and Mrs. George H. Gibbs. The purpose of the committee is to take care of all calls for social welfare work.

Request for Information.

If the secretaries of the various fraternal and labor organizations will forward to The Star a list of the officers of their respective organizations for the new city directory soon to be published, it will facilitate the preparation of the copy for the book and assist in making the book accurate and of value to all purchasers. The courtesy will be appreciated by The Star which has undertaken the project at the request of numerous citizens and of the commercial organizations. The book is needed and the information requested will require but a few minutes of time.

Excavating in Rear of Property.

The steam shovel used in excavating for the Maxie theatre has been at work for the past two days digging down to the cellar level in the rear of Angellio's fruit store and the Lotos Shoeshining establishment on Main street, near Hamilton avenue. The property is owned by D. Chicorelli and it is rumored that he intends to build a business block there at a future date. No confirmation could be obtained in regard to the rumor, it being stated that the ground was being cleared away while the shovel was available.

Meetings Today.

Regular meeting of L. C. B. A. this evening at 7:30, in K. of P. hall. Installation of officers and refreshments.

St. James' guild will meet in the parish rooms at 2:30 o'clock this afternoon.

Regular meeting of Oneonta Aerie, 1260, F. O. E., in Moose rooms, Dietz street, this evening at 8 o'clock.

Auction Sale.

For sale, at the Main street auction stables, Friday, May 5, 10 good seasoned horses, 2 lumber wagons, heavy double harness, light double harness, single harness, Ford runabout, quantity of roofing paint and other property as usual. Regular auctions every Friday at 1:30 p. m. 366 Main street, Oneonta, N. Y. advt 2t

House for Sale, Centrally Located; With Large Barn.

For sale, residence and barn with large lot; on one of Oneonta's most attractive streets; centrally located; electric lights, two baths, range, etc. Price attractive. Good investment. If interested, act at once. Inquire of Linn L. Gardner, 10 Otsego street, Oneonta, N. Y. advt 1t

Dairymen's League Meeting.

There will be a meeting of Kilpatrick Dairymen's League Co-Operative Association, Inc., at Municipal hall, Oneonta, N. Y., at 8 o'clock, on May 6, for the purpose of electing a delegate to attend district convention. Philip M. Jencks, President. advt 1t

Auction Next Friday.

On Friday, May 5th, I will be at Hutson's Drug store with four Boston Bull pups for sale. Both sexes; priced to sell. L. G. Robinson. advt 1t

TO HONOR CITY'S HERO DEAD

Chamber of Commerce Will Dedicate on Memorial Day Twenty Trees in Neahwa Park to the Memory of Oneonta's World War Dead—Each Tree to Bear Name of a Hero—Will Be Planted Just Inside Entrance Gates.

To perpetuate the names of Oneonta's honored War dead the Chamber of Commerce is planning to dedicate on Memorial Day 20 trees in Neahwa park to the memory of the 19 men and one woman from this city who made the supreme sacrifice during the World War. The trees, Elm saplings, were received yesterday from the State College of Forestry at Syracuse university and will be planted today in a wide circle surrounding the spot just inside the entrance gates to the park where it is planned by the Woman's club to construct a memorial to Miss Ethel Seatchard, who died in France while serving as a Red Cross nurse.

Each tree will bear on a bronze plate the name of the person to whose memory the tree is dedicated and a suitable inscription.

The markers were obtained from the American Forestry association at Washington, D. C., and each tree will be registered on the roll of honor of that organization. It is planned to hold the dedicatory exercises following the Memorial Day parade and services at Riverside cemetery and they will probably be conducted by the American Legion.

The plan is to make one of the most beautiful spots in the parks. The plans of the Park commission call for a circular green 100 feet in diameter surrounded by a roadway 25 feet wide. Outside the roadway there will be a circle of shrubbery ten feet wide surrounded by a six foot sidewalk, just outside of which the memorial trees will be planted, twenty-five feet apart, in a circle extending from near the entrance gates to the boulevard directly opposite. It is proposed to erect the memorial to Miss Seatchard in the green inside of the roadway.

The names of the 20 heroes whose memory the trees will perpetuate follow:

Otis J. Bailey.
Walter H. Colburn.
Edward H. Eyer.
Lester C. Eckert.
Clyde H. Farrington.
Earl R. Gardner.
Michael George.
Charles N. Hopkins.
Charles S. Jennings.
John G. Jones.
Dutcher J. Parshall.
Elbert N. Patton.
Clifford L. Rorick.
Joseph Ryan.
Charles L. Saxton.
Ethel Seatchard.
Jason Shiland.
Claude Silvermail.
Charles R. Slavin.
Harold F. Turner.

The planting and dedication of these trees is not intended as the final tribute of the city to her warrior sons and daughters but as a simple expression of the resolution that the names of the heroic dead shall never be forgotten. The Chamber of Commerce committee in charge of the memorial is composed of Ralph S. Wyckoff, chairman, S. H. Cheney and E. R. Moore, who have been acting in cooperation with President L. C. Gurney of the Park commission.

"Y" BOYS GET TOGETHER.

"Every Member Get a Member" Is Slogan Adopted Tuesday Night.

The new members of the Boys' department of the Y. M. C. A. were welcomed at a get acquainted social held Tuesday night at the "Y" with more than 50 youngsters present, and plans were laid for increasing the membership to 125, a goal which the recent membership drive failed to reach.

"Every member get a member" was the slogan adopted, and before the boys had left the building, one new member had already been signed up. The boys will wear buttons reading: "I've joined; have you?" as a means of calling attention to the "Y."

The game rooms were thrown open to the boys, and everybody had a good time, as indicated by the amount of noise they made. Charles Beams put on a clown act to the amusement of all. An interesting feature was a brief address by Secretary Lange, who presented the four baseballs donated by President Beckstedt to the boys who made the best showing in the membership campaign.

Probably the most enthusiastic feature was the eating of ice cream cones, which were dealt out liberally, every boy having two.

Edison Home Service Club.

William J. Mackay Jr. of the Edison laboratory, Orange, N. J., is in the city in conference with M. C. Dales, local agent for the Edison phonographs, relative to the formation of an Edison Home Service club. As a member of such a club one will be able to hear in his own home the selections that have been listed in the Edison catalogue which are called the best in music. Members of the Edison Home Service club will be afforded an opportunity of attending monthly concerts of current supplementary numbers. They will be advised by postal card of the concert dates.

It is believed that among Edison owners sufficient orders for new Records, as the records are called, will be received to put these clubs on a permanent basis and to make this service something of very real and lasting value to all Edison owners.

The plan is for a member to call at M. C. Dales' once each month and get a set of 20 Records. It will be necessary for one to call at the appointed time as otherwise the set will be given to the next club member on the list. One may take these records to their own home and keep them for two days. They may be played as often as one likes. After enjoying them two days one is obliged to return them to the dealer so they may be on hand when the next club member calls.

These records are not for sale as these sets are not broken, but a printed slip is enclosed in each container upon which one may check selections which they desire to purchase. advt 1t

For Sale.

CITY BEAUTIFICATION

Noted Landscape Architect Will Address Chamber of Commerce at Quarterly Meeting on May 12—Business Firms to Advertise City.

An address on "City Beautification" will be delivered by Mortimer G. Merritt, landscape architect of Rome, at the quarterly membership meeting of the Oneonta Chamber of Commerce to be held Friday evening, May 12. The report on activities of the organization for the last three months will be presented by the board of directors at this meeting, which will be open to the public. Mr. Merritt is widely and favorably known in Oneonta and vicinity, and is a regular summer visitor at Cooperstown.

Booster slogan lines, advertising Oneonta's foremost resource and advantages, will be used by various business firms and business and professional men through efforts to be expended by the Chamber of Commerce. The slogan to be used throughout next week, added as a postscript to every letter sent out of Oneonta by those cooperating in the plan, will be "Oneonta may be reached on state macadam highways from every direction, including Kingston, Albany, Utica and Binghamton."

Frank A. Herrieff, Harry M. Goldsmith and M. V. Beckstedt compose the committee which is selecting the booster slogan lines, approved by the Chamber's board of directors at a meeting yesterday. A new slogan will be used each week, business men being notified by postal from the Chamber of the week's slogan and requested to instruct their stenographers to add it as a postscript to each out-of-town letter. This plan has been used effectively in numerous other cities, including New Orleans and Attleboro, Mass., and has been found to secure valuable advertising for the city.

Suggestions as to slogan lines will be gratefully received by the committee or by Secretary Hicks of the Chamber of Commerce.

ELK CHORISTERS SATISFY

Concerts at Theatre Tuesday Evening by Elks' Glee Club Prove Worth Local Organization—Large Audiences Are Greatly Pleased.

When a community has a home talent musical organization of the high calibre of the Elks' Glee club it has good reason to be proud. Were there any persons in the city at all skeptical concerning the singing ability of the 20 men whom James Keaton Jr. has welded into an organization which compares favorably with any male chorus ever heard in the city, the two concerts given by the club at the Oneonta theatre Tuesday evening in conjunction with the regular motion picture program should have been enough to convince them that the Elks' Glee club is a splendid aggregation of splendid vocalists.

The following program, containing numbers of a pleasing variety, was rendered:

Swing Along. (Cook).
Wanted a Wife. (Lynes).
Contrasts in Arms. (Adam).
De Sandman. (Protheroe).
Mulligan Musketeers. (Atkinson).
The club has been good from the start, but improvements since the last concert was noticeable. The rough spots had been smoothed off by dint of constant practice and the result was a finished flow of melody and harmony. The selections had been well chosen and had a popular appeal.

Well filled houses greeted the singers at each performance. The feature picture was "At the End of the World," with Betty Compton playing the lead.

Voting Machine Will Be Explained.

Although, upon the advice of City Attorney Gibbs, the city will not use voting machines in the special school election called for May 12, the voting machine which has been on display for some time at the Municipal building will be explained to voters as they come out of the voting place. It was stated yesterday by J. A. Wolfe, representative of the Automatic Registering Machine corporation, that the voting machine which has been used in school elections when their use in general elections has been approved by municipal authorities. As no action has been taken by the Common Council in regard to purchasing voting machines, although the matter is under consideration, it was feared that use of the machine might invalidate the school election.

Oneonta Normals of New York City.

The annual reunion and dinner of the New York city association of Oneonta Normal alumni will be held Saturday evening of this week at the Hotel McAlpin. Dr. Bugbee, who will be in attendance, left yesterday for Albany and continues his journey today to New York. Among other members of the Normal faculty who expect to be in attendance are Prof. Curtis, Dr. Schumacher, and the Messrs. Matteson, Jenkins, Goe and Greene.

For Sale.

Two-family dwelling; located in village on state road; three-quarters acre lot; electric lights, hard wood floors. Price \$2,000. Will trade for city property. Campbell Bros. advt 1t

Special prices on all trimmed hats.

Thursday, Friday and Saturday at Helen's hat shop, in Rote & Pote's. Advt. 1t

BASEBALL GOES OVER THE TOP

With 750 Members Signed Up, Athletic Association Feels Assured of Financial Support—Southpaw Thomas an A. E. F. Champion.

With 750 members recorded or underwritten by the 100 baseball fans who have been canvassing the Athletic association management last evening felt assured of adequate support to carry its prospect of additional memberships expected to be received within the next few days, steps have been taken to take up the options on services of players Manager Al. Bridwell tentatively signed, and to carry on with his program for another championship baseball nine in Oneonta this summer.

A. L. (Tommy) Thomas is one of the pitchers and another southpaw addition to the team, whose contract will be executed. "Tommy" earned his nickname by his association with the "Tommys" of the B. E. F. (British Expeditionary Forces) overseas. The team which he managed and pitched for won the championship of the A. E. F. and then conquered the Britishers. Previous to going into service, he pitched for Fargo, North Dakota, of the Northern league, winning 18 games and losing two.

Upon his return from France, Thomas signed with Louisville in the Athletic association, but his arm was affected by being associated too closely with mustard gas or something of that nature, and he was compelled to play the bench during the 1919 season. The following year he went with London, Ontario, in the Michigan-Ontario league, winning 14 and losing 6, and last year played semi-professional ball in Florida with 15 won to 4 lost as his season's record.

"Tommy" is a stocky lad for his 26 years, standing 5 feet 11, and weighing 170 pounds. He bats left handed as well as pitching with the port wing.

Canvassing for Members.

May 3, Barlow of Cooperstown was in the city yesterday assisting M. G. Keenan, chairman of the local committee, in soliciting members for the Otsego County Farm Bureau which has taken over the activities of the County Improvement association and is pushing the Junior Extension work in the county as never before. Numerous plural memberships have been taken out by enterprising firms of the city and it is hoped that the city will exceed its quota.

HERE I AM AGAIN CUT ME OUT

John Figger has collected the most of my pictures, and Margaret Hennessey is second, with Pauline Davenport a close third.

For the sake of Health and Contentment in your home

You should provide for constant hot water service—pure, fresh water, heated and sterilized as it runs

HUMPHREY

Cottage Automatic Gas Water Heater

Designed especially for the requirements of smaller homes. It is absolutely automatic in operation. Makes constant hot water service possible in all small homes—the cottage, bungalow, apartment—any place of limited demand. It burns gas. Opening the faucet starts the heat—closing it shuts off the gas.

Is very substantially made. Performs exactly the same service as the larger type of Humphrey Automatic Gas Water Heater, except that its capacity is limited to fewer faucets. An independent hot water service.

DEATH NORMAL GRADUATE

Funeral of Burton J. Hotelling, Clergyman of Reformed Church in Albany Today.

Rev. Burton J. Hotelling, pastor from 1909 to 1917 of the Third Reformed church of Albany, died Tuesday at Mayfield, Fulton county. He was born 42 years ago in Schenectady, and at the age of 19 years graduated from the Ontario State Normal school, where he studied for the ministry, graduating from the New Brunswick Theological seminary in 1906. He was pastor of the Reformed church at Bethlehem for three years, resigning to accept the charge at Albany.

Mr. Hotelling, when a student at the Normal, enlisted in the military service of the United States Army at the outbreak of the Spanish-American war, going with Company G of this city to the Pacific coast and later to the Hawaiian islands, where for a long time he was orderly for Colonel Walter Scott. By the latter, and by all members of the company, he was held in high esteem, and many expressions of high personal regard and of regret for his demise were heard last evening, when tidings of his death reached this city.

The funeral will be held at 2 p. m. today at the Third Reformed church in Albany, and at 2 o'clock at the Masonic temple, where members of Temple lodge, of which he was a member, will conduct the services.

Miss Short Leaves for Washington

Miss Nina V. Short, executive secretary for the County Tuberculosis committee, left last evening for Washington, D. C., where as delegate from the Tippecanoe County Tuberculosis association of Indiana she will attend the annual meeting of the National Tuberculosis association. Following the meeting Miss Short will return for a short time to Oneonta before leaving June 1 for Tippecanoe county, of which from that time she will be health director.

While in Washington, Miss Short will be a guest of her cousin, Col. Walter McBroon, of that city.

United Presbyterian Y. P. C. U. Social

About 30 young people were present at the business and social meeting of the Y. P. C. U. held last evening at the United Presbyterian church. After routine business had been transacted, delicious warm sugar was served and a social hour, with games and music, enjoyed. A pleasant evening was had by all, and the treasury was benefited to the extent of \$6.

Pure Bred

Percheron Stallion

Jean Mitchell

149554

Black with white star, stands 16 hands high, weight 1,650. Foaled May 19, 1918.

Will stand for service at my farm on reservoir road, from May 1st to August 1st. Service \$15, to insure mares with foal.

"The pedigree of the above described stallion has been inspected and verified, the stallion, duly examined as provided by Article 5-A of the Agricultural law, by Dr. C. R. Brand. Said stallion shows no unsoundness, and is to be considered as sound."

ONEONTA

Personal

Mrs. William Fay of Binghamton was in the city Wednesday on business.

Miss Margaret Carr of Binghamton is spending a few days in Oneonta on business.

Mrs. E. E. Carljok of New Paltz is visiting her brother, Nathan B. Chase, 33 Cedar street.

Benjamin Strong of New York city arrived last evening for a visit here with his brother, Philip G. Strong.

Mrs. Birdsey Sherman of Portlandville is visiting at the home of her sister, Mrs. Nelson Gardner, 233 Main street.

Mrs. Charles N. Murdock of this city left yesterday morning for a few days' sojourn with relatives in Binghamton.

Mrs. Josephine Bowen returned last evening from Schenectady, where she had been visiting her son, Dr. C. A. McMinn.

Mrs. Harry White of Reynolds avenue left Wednesday for Plattsburg where she plans to spend two weeks with friends.

Mrs. E. J. Saxton and daughter, Miss Lulu Saxton, returned yesterday to Oneonta after a few days spent with Albany friends.

Mrs. William Dillon, who had been visiting her brother, Thomas Kuhnke, 401 Chestnut street, returned Wednesday to her home in Albany.

Mrs. L. Crandall of Sidney was in the city yesterday to visit her son, Archie W. Crandall, who is seriously ill at the Fox Memorial hospital where he has been for treatment for the past two weeks.

Nick Laskaris, who for the past two weeks had been visiting John G. Laskaris and other relatives in Oneonta, left yesterday for his home at Winston-Salem, N. C. Mrs. Laskaris, who accompanied him to Oneonta, will remain for most of the summer in this city.

ONEONTA THEATRE TODAY

Capps Family of Ten the Headline Sensation For the Last Half of the Week.

Elaborate entertainment is promised the local theatregoers the last half of this week at the Oneonta theatre with the Keith vaudeville which opens with the famous "The Capps Family of Ten." This is one of the most delightful, poignantly absorbing and cleverly constructed bills that has been seen on the local stage in months. The headline feature and Eddie Fox's only rival is the Capps Family consisting of Mr. and Mrs. Capps and eight little chaps who are offering a variety of specialties in a highly diverting manner that affords convincing proof of their versatility. The acknowledged lady dandy of the Keith circuit, Miss Betty Washington, the clever violinist, is truly "tres chic" both in appearance and ability. In a mixture of dance and song Archie Folk puts over an animated turn that is a positive delight. To hold up the picture end of the program, "The Capps Family of Ten" production, "Bits of Life" has been added. Wesley Barry and eleven other film stars are featured in this photoplay, which has broken box office records in several cities. There will be matinees daily at 2:30 o'clock and two evening performances at 7 and 9 o'clock.

In Memoriam

In loving remembrance of Mrs. Henry Morenus, my dear mother, who left this earth May 4, 1922.

"No trembling, sad farewell
From her quivering lips was heard;
So softly she crossed, that the stream
Was not by a ripple stirred;
She was spared the parting of tears,
She was spared the mortal strife;
It was surely dying—she only
Passed in a moment to Endless life.
So low was her Master's call
That it did not reach our ears;
But she heard the sound and her
Quick response
Was full of joy—no fears,
Weep not for her soft release
From earthly pain and care;
Nor grieve that she reached her
Home and rest
Ere she knew that she was there.

But think of the sweet surprise
The sudden and strange delight,
She felt as she met her Saviour's smile
And walked with him in white;
Weep not, for her tools are o'er
And thy race may soon be run;
So with sanctified feet and staff in hand
Let thy work for thy Lord be done.
Mrs. Melvin Northrup,
Schenectady, N. Y.

Ladies' Circle Meets

The Ladies' circle of the Main Street Baptist church met in the assembly at 2:30 Wednesday afternoon for a regular business meeting. The afternoon was spent in sewing on layettes for refugee children. About thirty ladies were present and a good afternoon's work was completed. The meeting was in charge of the president, Mrs. Pendleton. At the close of the meeting refreshments were served by the hostesses, Mrs. John Bell, Mrs. Albert Stillman and Mrs. James Vandusen.

School District Elections

The elections for the school districts in the vicinity of the city of Oneonta were held yesterday and the results were as follows:

South Side, upper district—Trustee, Charles Thompson; collector, Mrs. John Orr; clerk, John Orr. Lower district—Trustee, Robert Foster; collector, Frank Yule; clerk, Ernest Rithman.

Plains district—Trustee, Arthur Dean; collector, Frank Dissell; clerk, Park Lyke.

West Oneonta—Trustee, Grant Green; collector, Ernest Smith; clerk, Miss Jessie Jenkins.

Only fifteen days more to buy West End building lots of the Ceperley-Morgan Real Estate company, at old prices. Notice is hereby given to all prospective purchasers that May 15 the price of all of our 100 building lots will be advanced. Up to that time the old schedule of prices will continue and the same liberal terms of 10 per cent down and \$3.00 or more monthly will prevail. Ceperley & Morgan, selling agents. advt 4t

May Dance at Otogo.

There will be a May dance at Fuller's Opera house Friday night, May 5. The famous Syncopators orchestra of Oneonta will furnish the music. advt 3t

RELIEF FOR WAR VETERANS

John A. Sitta, Appointed Deputy Commissioner for Otsego County, Begins Duties of Distributing State Fund for Relief of Disabled, Unemployed World War Veterans.

John A. Sitta of this city, appointed Tuesday deputy commissioner for Otsego county under the Brundage act creating the New York Veterans' Relief commission to distribute the \$1,000,000 fund appropriated by the 1922 legislature for the relief of disabled, unemployed war veterans, took his oath of office yesterday and commenced the performance of his important duties, considering several applications for relief. Mr. Sitta, who will serve without compensation, will have his office at the Bulk sales rooms on Main street.

It will be Mr. Sitta's duty to investigate all applications for relief in Otsego county and determine the amount of relief, within the limits prescribed in the act, to be extended to each applicant. He will appoint three physicians in the county to conduct the necessary physical examinations and is empowered to subpoena witnesses if necessary in his examination of the applications.

Relief will be extended only to those veterans who are suffering from a sickness or disability incurred in the service and who have been out of regular employment for a period of 14 days preceding the date of application. Application must be made in the form of sworn statements, made on oath, provided for the purpose, showing the period of service, proof of sickness or disability incurred in service, proof of lack of employment, and the amount of compensation, vocational training allowance, or other financial aid which the applicant is receiving per month from the government. Each application must also be accompanied by the man's honorable discharge, or certified copy thereof, and by an affidavit from the commander of a post of the American Legion or Veterans of Foreign Wars to the effect that the man's claim has been investigated and endorsed.

Each veteran whose claim is allowed by Mr. Sitta will receive, if without dependents, \$30 a month, and if with dependents \$45 a month except that persons receiving in any month aid from the federal government amounting to either \$30 or \$45, as the case may be, will receive nothing. If an amount less than \$30 or \$45 is being received from the government the state will allow only the difference between the amount paid by the government and the amount otherwise allowable. Total payments to any one person under the act may not exceed \$250.

The responsibility which the position entails is considerable but all who know Mr. Sitta feel certain that he will prove equal to the task. His appointment is well merited by reason of his unusual war record and other qualifications and the choice has already been shown to be a popular one.

DEATH OF MRS. RUSH GARLOCK

Respected Resident of Portlandville Expires Tuesday.

Portlandville, May 3.—Helena Tripp, wife of Rush Garlock, died at half past six o'clock Tuesday evening at the family home on the east side of the river a short distance above this village. She had been in failing health for some time, having several months ago suffered a shock.

The funeral services will be held at 2 p. m. on Friday at her late home. Rev. L. A. Dykeman of Maryland will officiate and burial will be in the Mt. Carmel cemetery.

Mrs. Garlock, who was a daughter of Rufus and Sylvia (Williams) Tripp, was born 80 years ago the 25th of last April, and was married 56 years ago to Mr. Garlock, who survives her. She had for many years been a resident of this place and was greatly loved and respected. In their home the family will have the sympathy of all who knew her.

Besides her husband, Mrs. Garlock is survived by one son, Merton Garlock, whose home is near that of his parents.

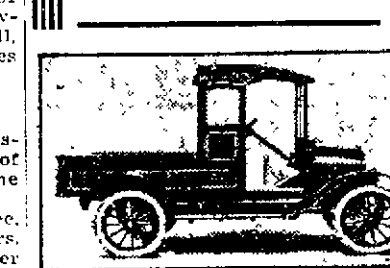

Small Blaze Quickly Out

The fire truck was called to the rear of The Star office at 6:45 last evening where blazing papers blown from a bonfire in the rear of a neighboring block had set fire to the platform on which are the government weather observation instruments. The blaze was quickly extinguished.

FRED E. HOLLISTER DEAD

Respected Hartwick Man and Faithful S. N. Y. Employee Passes Away Following Shock.

Hartwick, May 3.—Fred Eugene Hollister, one of the best-known residents of our village and a veteran employee of the Southern New York railway, died at 8:25 o'clock Tuesday evening at his home on West Main street. While about his work in the car barns here Monday morning, he was suddenly stricken and was removed to his home and later suffered a second shock. He lay in a comatose condition until death came last night.

Mr. Hollister was born in Hartwick on March 9, 1867, a son of George and Elizabeth (Snyder) Hollister, and spent his whole life here. On December 29, 1888, he married Charlotte Holbrook. For the past 20 years he had been a faithful employee of the Southern New York railway, for most of the time chief carpenter at the car barns here. He was a man held in high regard by the community and was widely known both in and about Hartwick and along the trolley road. He was for many years a member of the Hartwick lodge of Odd Fellows and at the time of his death was noble grand.

Besides his wife, Mr. Hollister is survived by three sons, George Vaughn Hollister of Springfield Center, Ray Hollister of Hartwick, and Clyde, residing at home; two daughters, Mrs. John White of Hartwick and Miss Genevieve Hollister of Hartwick, but now employed in Albany, and one sister, Mrs. Edward Williams of Hartwick, who has been a paralytic for seven years and whose condition at present is critical.

Funeral services will be held at the late home Friday afternoon at 2 o'clock and will be private. Rev. A. D. Rines, pastor of the local Methodist church, will officiate and burial will be in the Hartwick cemetery, with Odd Fellows services at the grave. Friends who desire to pay their respects may call at the home between 10 and 12 o'clock Friday morning.

Pleasant Event on Rose Avenue

About forty friends of Mr. and Mrs. Howard Brezee gathered at their home at 2 Rose avenue Tuesday evening for a surprise for Mr. Brezee. The evening was spent playing cards, games and music. As a late hour delicious refreshments were served. Before departing the friends wished Mr. Brezee many happy returns of the day. The evening was pleasantly spent by all.

FRECKLES

Now is the Time to Get Rid of These Ugly Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as Othine double strength is guaranteed to remove these homely spots. Simply get an ounce of Othine—double strength—from any druggist and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear. While the lighter ones have vanished entirely, it is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion. Be sure to ask for double strength Othine as this is sold under guarantee of money back if it fails to remove freckles. Advt.

WEST END SOCIAL EVENTS.

Mrs. Shepard Entertains Children; Bakers Given Surprise Party.

An enjoyable event took place Tuesday afternoon at the pleasant home of Mrs. Harry Shepard on the Plains when she entertained about 50 members of the primary and intermediate classes of the Plains Methodist Sunday school. Games and music kept the children amused during the afternoon, and later a delicious chicken dinner was served, much to the delight of the kiddies, who declared that it was the best thing of all. Mrs. Shepard was very solicitous in seeing that the children had a good time and was assisted by several women of the church. Needless to say, the afternoon was keenly enjoyed.

Mr. and Mrs. Baker Surprised.

About 30 neighbors and friends of Mr. and Mrs. Arthur Baker walked into their home on Ceperley avenue Monday night to give them a surprise party. Games were indulged in until a late hour, when delicious refreshments were served. The evening was greatly enjoyed by all.

News Notes.

Mr. and Mrs. Ralph Butts moved Tuesday from 6 Lewis avenue to a flat at 15 Pearl street, where they will reside in the future.

Mr. and Mrs. Frank Silk, who have been residing at the corner of Fondra avenue and Chestnut street, are moving to Worcester, although Mr. Silk will continue his work here as a carpenter with Van Voert & Thayer.

George Merrill of Utica spent the week-end at the home of Peter Magonas.

Mrs. Emma Allen has returned to her home, after spending a few days with her sister, Mrs. S. J. Scrambling, Treadwell.

Cherry Street Residence Sold.

Sanford A. Disbrow Jr. has sold his residence at 38 Cherry street, through Silliman's agency, to Mrs. Blanche Young of Washington street, who will take possession soon. Mr. Disbrow is moving to the house at 82 Clinton street he recently purchased of the late LeGrand Johnson.

ARBOR DAY IN PUBLIC SCHOOLS

Friday Morning to Be Fittingly Observed with Recitations and Songs.

The pupils in the public schools of the city have been busy for weeks preparing for the programs to be given in the various schools in observance of Arbor Day. The selections reflect the spirit of the spring day in subject matter and in the manner of presentation. The public is cordially invited to attend the exercises and a more than usually interesting program is promised.

Primary Department, Academy Street
The exercises of the primary department will be held at a general assembly in the auditorium of the High school building, Friday morning at 9 o'clock. The program is as follows:
Song—"Robin's Return" by the school.
Recitation—"Spring" by Virginia Lewis.
Song—"Dandelion" by the Third Grade.
Recitation—"Dandelion" by Donville Christensen.
Recitation—"The Violet" by Louise Lockwood.
Song—"Springtime" by the Fourth Grade.
Recitation—"The Dandelion" by Russell Fondra.
America—by School.

Hiver Street School.
On account of crowded conditions exercises will be held in the respective grade rooms instead of in general assembly. The program is as follows:
Friday morning at 9:15 o'clock and parents and friends of the school are invited to attend.

First Year Students.
Song—"Father We Thank Thee"
Recitations—"Plant a Tree," by Marion Metzger; "A Birdie With a Yellow Bill," by Roy Hentz.
Exercise—"Spring" by Six Boys and Girls.

Recitations—"Pretty Little Violets"
Recitations—"The Day," by Gertrude Benjamin; "Two Young Hopefuls," by Harold Potter and Helen Kattanick; "Billy's Fishing," by Harry Simmons; "Arbor Day at School," Bettina Amatuccio.
Song—"Robin, Robin Redbreast"
Recitations—"The Little Birds," Edward Supper; "Sing a Song of Flowers," Waneta Decker; "A Slight Mistake," Donald Barnes and Nicholas Rochacewicz; "Plant a Tree," Lawrence Gillespie.
Song—"Golden, Crimson Tulips"

First Grades A & B.
Song—"The Blue Bird"
Recitations—"The Spirit of Arbor Day," Loren Rock; "The Dandelion Cycle," Athleda Howard; "Every Day," Laura Gardella; "Morning Glory," Helen Root; "Two Birds," Alta Lockwood.
Song—"Tulip Babies," Ten Children.

HEALTH TALKS
No. 4
Thousands of women suffer from blemished, pimply faces, as well as systemic distresses caused by impure blood—before they appreciate the need of helping nature keep the internal body clean. Delicate female organism demands utmost discretion in aiding digestive or eliminative functions.
Dr. David Kennedy's Favorite Remedy—a doctor's own medicine—is safely used; gentle, but effective in its stimulative, healthful, purifying and laxative action; is agreeable, convenient, and need not be taken indefinitely. Ask any good druggist for—
